Certificate of Contribution

To Whom It May Concern,

This is to confirm that Cayetano Soneira Landín attended and contributed to the DRD1 Gaseous Detector (MPGD) School at CERN, Geneva, Switzerland from November 27 to December 6, 2024 as a laboratory exercise tutor. Cayetano was tutoring an exercise on MRPC Characterization.

The school focused on state-of-the-art gaseous detector technologies. The programme of the school comprised morning lectures by world experts in the field offering an overview on gas detectors physics, detector technologies, simulation and modelling, readout approaches, manufacturing techniques as well as applications, and hands-on exercises on various technologies in the afternoons, with an emphasis on methodologies. The school programme consisted of a total of 21 hours of lectures and 9 laboratory exercises of a total of 36 hours.

Please do not hesitate to contact me if you require further information or in case you have questions.

Best regards,

Florian Brunbauer
